Dear Mr. []

B6
B6

I refer to your February 20 letter regarding the Logares family.

We have only slight hopes that the family members are still alive. Few of the people who have disappeared in human-rights related cases in Uruguay have ever reappeared alive after such a long period.

Nonetheless, we continue to make periodic inquiries with the Government of Uruguay and to express our interest in their welfare and whereabouts.

We sincerely appreciate your offer of assistance to the Logares family and share your concern regarding their fate.

Very truly yours,

LOGARES FAMILY
